Cooking Instructions

Season to taste and place the lamb in a roasting pan. Cook at 400°F for 30 minutes then reduce the oven temperature to 350 degrees F and continue to cook for about 1 1/2 hour longer. Use a meat thermometer to check the internal temperature of the meat. Remove when the temperature reaches 160°F or higher, making sure that the thermometer is not touching the bone. Allow to rest for 10 minutes before carving. Slice thinly around the bone and serve.

***Please be aware that consuming raw or undercooked meats, poultry, seafood, shellfish or eggs may increase the risk of food-borne illness.**
